The Arcadia is formed from non-ferrous 0.080" thick aluminum.

A choice of colors are offered for the metal insert panel.

"Light Spray" option creates a unique radial pattern on the wall surface.

Custom face perforations are possible. Consult factory for information.

Lamp is enclosed in a threaded, fully-gasketed vapor lock jelly jar.

Tool-less access to lamp.

21 standard powder coat paints offered, however all RAL colors available.

Fixture offered with a variety of metal halide and incandescent optic packages.

Contact factory for additional modifications or options.
