### FEATURES

- All decorative faces are made from 0.125" thick extruded aluminum.
- Faces are precision cut with a laser. Custom laser-cut designs are possible. Consult factory for details.
- Extruded aluminum back channel is 2.50" wide and 0.125" thick with a matte anodized protective coating.
- Features solid aluminum die-cast ends with die-cut silicone foam gaskets.
- Extruded neoprene rubber gasket runs the length of the diffuser on both sides.
- 3/16" thick extruded virgin white acrylic is 45% DR high impact, UV stable, F1 rated, and UL-94 HB Flame Class rated.
- 21 standard powder coat paints offered, however all RAL colors available.
- Utilizes highly efficient, long lasting and low mercury T5 or T5HO lamps for minimal fixture maintenance and lamp disposal.
- Contact factory for additional modifications or options.
