**FEATURES**

- Simple, linear profile can be connected to create long, continuous runs. See length chart on page 118.
- Fixture can be mounted vertically or horizontally.
- Available with T5 and LED illumination options.
- Field replacement of LED arrays and drivers is simple and requires minimal effort.
- LED luminaire reliability; L70 >70,000 hours at 70% lumen maintenance.
- 3 step MacAdam ellipse color binning.
- Extruded diffuser is frosted white acrylic, UV stable and UL-94 HB flame rated.
- Quality construction includes heavy gauge sheet metal, extruded aluminum, die-cast aluminum, and extruded acrylic.
- 24 standard powder coat paints offered, however all RAL colors available.
- Contact factory for additional modifications or options.
