A brand of **legrand**

**ARO**  
1.5" diameter cross section and 24", 36", 48", 60" and 72" diameters standard / custom sizes and shapes possible / available with inner or outer illumination / fixtures can be clustered together to create large-scale installations or focal point chandeliers / 100+ lumens per watt delivered

**CENTRO**  
14" diameter / solid die-cast aluminum body / injection-molded performance diffuser allows high transmission and zero LED imaging / available mounting options - pendant, sconce, ceiling, and wet location sconce and ceiling / 110+ lumens per watt delivered

**DASH**  
1.25" diameter extruded and machined aluminum body and end caps / extruded high-performance diffuser / single or dual direction illumination / available as a pendant or sconce / single unit or connectable / 100+ lumens per watt delivered

**FIORI**  
5.5" diameter x 8" or 13" tall extruded and machined aluminum body / available as a pendant, ceiling mount or sconce with single or dual direction illumination / sconce listed for wet locations / optional hex cell louver, softening lens, spread lens, linear lens / led light source with 1,000, 2,000 or 3,000 lumen output / 100+ lumens per watt delivered

**GLOWRING**  
4" w x 4" h profile and 24", 36", 48", 60" and 72" diameters / seamless one piece molded diffuser / fully enclosed top surface to eliminate dust and bug accumulation / available with metal trim on inner diameter or outer diameter / performance diffuser allows high transmission, zero LED imaging and low glare / 100+ lumens per watt delivered

**GLOWSTICK**  
1.5" diameter x 12" tall extruded and machined aluminum body / diffuser length from 2" to 24" / extruded and machined end-fit acrylic rod / available as a sconce, pendant or custom cluster configurations / led efficacy up to 68 lumens per watt delivered

**PLEATZ**  
Three sizes - 14" diameter x 14" tall / 18" diameter x 18" tall / 24" diameter x 24" tall / seamless one piece molded plastic diffuser / performance diffuser allows high transmission, zero LED imaging and low glare / can be mounted as a pendant or flush to ceiling

**SOLO**  
3.25" w x 4.25" h profile and 24", 36", 48", 60", 72", 96" and 120" diameters standard / custom sizes and shapes possible / down illumination only / integral drivers / available as surface ceiling mount / fixtures can be clustered together to create large-scale installations

**TWIN**  
3.25" w x 6" h profile and 24", 36", 48", 60", 72", 96" and 120" diameters standard / custom sizes and shapes possible / up and down illumination / integral drivers / fixtures can be clustered together to create large-scale installations
