• The low-profile trim ring of the Ariel was originally designed for the University of Toledo bookstore.
• A transitional design makes it a welcome piece for both contemporary and traditional applications.
• Spun from solid, non-ferrous 0.040” thick brass or 0.064” thick aluminum.
• Thermally formed acrylic ranges from 3/16” to 1/4” thick, depending on size. Virgin white acrylic is UV stable, and all faux acrylic colors are mixed completely through to avoid noticeable fading.
• White acrylic is UL-94 HB Flame Class rated.
• OCL metal finishes are applied by hand and receive a protective clear coat lacquer.
• 21 standard powder coat paints offered, however all RAL colors available.
• Fixture offered with a variety of compact fluorescent and incandescent optic packages.
• Contact factory for additional modifications or options.
• Fixture mounts to a standard 4" J-box (supplied by others) and may require additional anchors on larger sizes.

• Bodine® emergency ballast available, standard with remote mounted test switch and indicator light.

• Advance® and Lutron® dimming ballasts available. Controls not included.

• Integral HPF electronic fluorescent ballast with Class A sound rating (3-5 year ballast warranty depending on ballast specification).

• For photometric data, please visit www.ocl.com.

• For lamp and base information, see pages 496-505 in the reference section.

• For specific mounting instructions, please contact factory.

• Five year product warranty.
