The Armet series was inspired by a knight’s helmet developed in the 15th century.

- 1.50" wide matte anodized, aluminum extruded back channel.
- All decorative faces are made from 0.125" thick extruded aluminum.
- Faces are precision cut with a laser. Custom laser-cut designs are possible. Consult factory for details.
- The Armet can be mounted vertically or horizontally and is available in a variety of lengths.

OCL metal finishes are applied by hand and receive a protective clear coat lacquer.

- 21 standard powder coat paints offered, however all RAL colors available.
- Utilizes highly efficient, long lasting and low mercury T5 or T5HO lamps for minimal fixture maintenance and lamp disposal.
- Contact factory for additional modifications or options.
