Duo™
Pendant

**MATCHING FIXTURES**
- Sconce

**FEATURES**
- Simple, linear profile can be connected to create long, continuous runs. See length chart on page 118.
- Available with T5 and LED illumination options.
- Field replacement of LED arrays and drivers is simple and requires minimal effort.
- LED luminaire reliability: L70 >70,000 hours at 70% lumen maintenance.
- 3 step MacAdam ellipse color binning.
- Fully illuminated “L”, “T” or “X” junctions available to create special installations. See page 119 for more information.
- Extruded diffuser is frosted white acrylic, UV stable and UL-94 HB flame rated.
- 24 standard powder coat paints offered, however all RAL colors available.
- Contact factory for additional modifications or options.

- 30 LBS: 39 LBS
## MOUNTING INFORMATION

**FIXTURE SPECIFICATIONS**

- Fixture mounts to a standard 4" octagon J-box on power feed side, with an additional ceiling fitting on the non-power feed side (5" white canopy standard).
- Contact OCL for more information concerning custom lengths or configurations.
- Bodine® emergency ballast available, standard with remote mounted test switch and indicator light (not available on 35W T5 or 80W T5HO).
- Advance® and Lutron® dimming ballasts available.
- Controls not included.

- Integral HPF electronic fluorescent ballast with Class A sound rating (3-5 year ballast warranty depending on ballast specification).
- Integral Class I driver (3-5 year warranty depending on driver specification).
- For photometric data, please visit www.ocl.com.
- For lamp and base information, see pages 124-131 in the reference section.
- LED fixtures include TMW. Fluorescent fixtures have no top diffuser (See Options section for choices).

- Maximum 6 amps per continuous run.
- Structural mounting required for fixtures over 50 lbs.
- For specific mounting instructions, please contact factory.
- Five year product warranty.
