Fiori™
PENDANT

FEATURES

• Field replacement for LED array and driver is simple and requires minimal effort.
• Excellent thermal management is achieved through an extruded and machined aluminum fixture body.
• LED luminaire reliability, L70 >100,000 hours at 70% lumen maintenance.
• 45° cutoff and stepped bezel minimizes glare and increases visual comfort.
• Numerous secondary lens options available.
• Fixture and LED light source are tested to LM-79 standards.
• 3 step MacAdam ellipse color binning and 84 CRI standard; 2 step binning and 90+ CRI available [contact factory for details].
• Varying beam spread options are available: Narrow Flood [24 degree] or Wide Flood [30 degree].
• 24 standard powder coat paints offered; however all RAL colors available.
• Contact factory for additional modifications or options.

**FIXTURE SPECIFICATIONS**

- Fixture mounts to a standard 4" octagon J-box (supplied by others).
- 5" dia. canopy finished to match fixture.
- Fixture supplied with clear lens unless optional secondary lens specified.
- Various types of dimming drivers available, controls not included.
- Class II LED drivers - 120-277VAC 50/60Hz.
- Typical LED CRI 80+.
- Maximum overall height subject to driver specification. Consult factory for details.
- For photometric data, please visit www.ocl.com.
- Structural mounting required for fixtures over 50 lbs.
- For specific mounting instructions, please contact factory.
- Five year product warranty.
- All specifications and information subject to change without notice. See submittal for current specifications and information.
