Turris™
PENDANT

FEATURES
• Field replacement for LED array and driver is simple and requires minimal effort.
• Excellent thermal management is achieved through a precision-engineered die-cast aluminum fixture body.
• LED luminaire reliability, L70 > 50,000 hours at 70% lumen maintenance.
• LED light source exceeds 94.1% 6000 hour lumen maintenance, as required for commercial fixtures per LM-80 testing methodology.
• Fixture and LED light source are tested to LM-79 standards.
• 3 step MacAdam ellipse color binning and 90+ CRI are available [contact factory for details].
• Extruded diffuser seamlessly threads into fixture body; frosted white acrylic is UV stable and UL-94 HB flame rated.
• Quality construction includes heavy gauge sheet metal, die-cast aluminum, and extruded acrylic.
• 24 standard powder coat paints offered, however all RAL colors available.
• Contact factory for additional modifications or options.
