

ATLA™

ATLA™

EXPANDING YOUR UNIVERSE

From a singular illuminated form to a scalable architectural platform, Atla brings consistency across sizes, compositions, and applications. Designed to perform as a refined pendant while creating opportunities for larger ideas, Atla adapts naturally to the needs of the space.

01

SIZES

Available sizes: 6" / 8" / 10" / 12" / 14" / 18" / 22"

02

SCALE / SYSTEM

Unified platform with consistent visual language across all diameters.

Single pendants / Clusters / Multi-drop systems / Modified and custom configurations*

03

LIGHT ENGINE

Precision light engines designed for uniform diffuser illumination across all sizes

Consistent surface luminance across all diameters, supporting visual uniformity in single and multi-fixture applications.

OUTPUT

Up to 4200+ lumens delivered (22" size)

90 CRI / CCT

2700K / 3000K
3500K / 4000K

LUMENS AND WATTAGE		6"	8"	10"	12"	14"	18"	22"
LED1	LUMENS DELIVERED	-	425	675	1110	1490	2255	3215
	SYSTEM WATTAGE	-	5	7	9	12	19	31
LED2	LUMENS DELIVERED	310	590	900	1485	1990	2965	4230
	SYSTEM WATTAGE	4	6	9	13	16	26	42

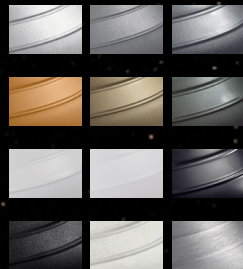

04

FINISHES / MATERIAL

Architectural powder coat finishes paired with a seamless illuminated virgin white acrylic diffuser designed for consistent surface luminance across every scale.

RAL, Pantone or custom finishes available.

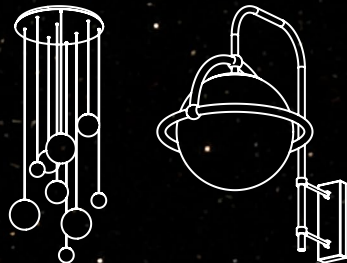

FINISHES

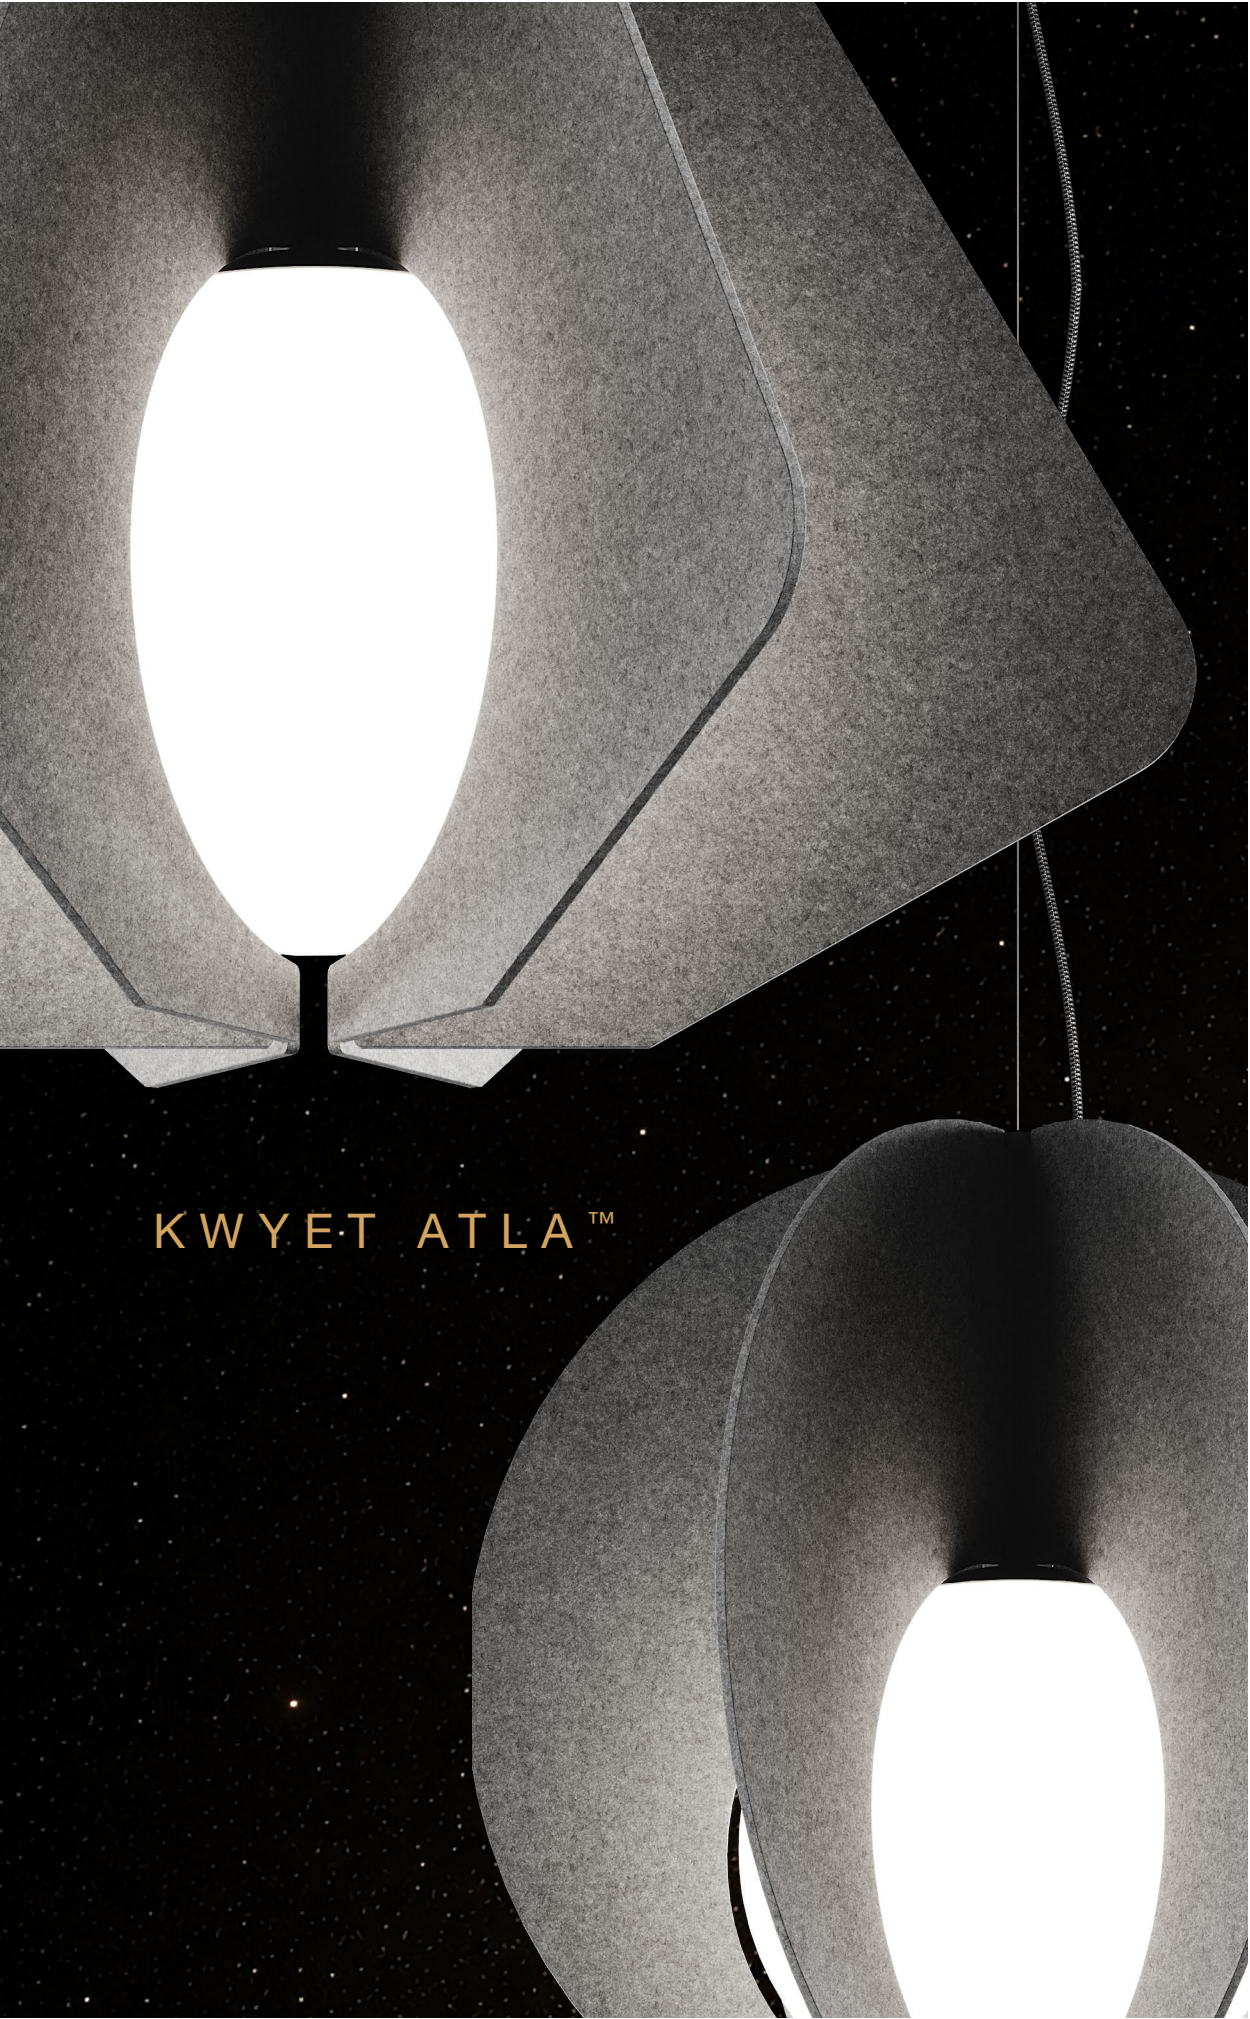

05

MODIFIED / CUSTOM

Platform supports modified and custom architectural applications, multidrop systems, and project-specific configurations.

KWYET ATLA™

KWYET ATLA™

ONE LUMINOUS CENTER. NEW POSSIBILITIES IN ORBIT.

Layered acoustic fins orbit the illuminated globe, adding scale, texture, color, and sound-softening presence. With multiple fin profiles, configurations, and 20+ acoustic colors, Kwyet Atla expands the Atla platform while maintaining a consistent visual language across the space.

Where Atla defines the light, Kwyet Atla shapes the atmosphere around it.

01

SIZES

Available sizes: 6" / 12" / 18"

6"

12"

18"

FIN COUNT

Round or Angled profile fins available in 3, 4, or 6 fin configurations.

02

LIGHT ENGINE

Precision light engines designed for uniform diffuser illumination across all three sizes.

The luminous center remains consistent while acoustic fins introduce scale, texture, and sound-softening performance around it.

OUTPUT

Up to 2900+ lumens delivered (18" size)

LUMENS AND WATTAGE		6"	12"	18"
LED1	LUMENS DELIVERED	-	1030	2135
	SYSTEM WATTAGE	-	9	19
LED2	LUMENS DELIVERED	270	1375	2930
	SYSTEM WATTAGE	4	13	26

90 CRI / CCT
2700K / 3000K / 3500K / 4000K

03

ACOUSTIC MATERIAL

Precision-cut 9mm acoustic fins manufactured from 100% polyester fiber with minimum 50% post-consumer recycled PET content. Available in round or angled profiles, multiple fin configurations, and 20+ acoustic colors.

COLOR
